

2022 FIRST Global Challenge Gold Medallists Pay Courtesy Visit to Digi Executives

On November 28th, 2022, Team Belize, Champions of the 2022 For Inspiration and Recognition of Science and Technology (FIRST) Global Challenge, met with Mr. Markhelm Lizarraga, Chairman of the Board of Directors; Mr. Ivan Tesucum, Chief Executive Officer; and members of Digi's Executive Leadership Team.

During their visit, members of Team Belize expressed their appreciation for Digi's contribution which supported their successful participation at the international competition in Geneva, Switzerland, from 13 to 16 October 2022. Members of the team expounded on their life-changing journey which encompassed months' long preparation to representing Belize at the world stage and becoming the first team from the Caribbean to win and medal at the competition.

Digi Executives took the opportunity to congratulate the team for their stellar performance at the FIRST Global Challenge. At the same time, they recognized the Belize High School Faculty for empowering each of the students to reach their full potential and encouraging these changemakers to continue preparing themselves for the future.

As the leader in technological advancement in Belize, Digi, Our National Telecom, and the Belize High School renewed their commitment to continue to promote real-world uses of technology and the advancement of Science, Technology, Engineering and Mathematics (STEM) in the Belizean society.
