

11th BTL ANNUAL GENERAL MEETING

On Wednesday, September 27, 2017 Belize Telemedia Limited (BTL) hosted its 11th Annual General Meeting at the Best Western Belize Biltmore Plaza. This year’s meeting highlighted the company’s focus on technological advancement: 4G LTE Advanced, the New Billing System and the commencement of the nationwide rollout of its state of the art Fiber to the Home Project. BTL has remained committed to providing optimum service to Belizeans countrywide through its continuous efforts to align its technology, infrastructure and product offerings with the demands and expectations of a modern and globally integrated market.

Shareholders and invited guests were presented with an overview of the company’s activities, financial position for the fiscal year 2016/2017 and an update on the company’s ongoing expansion projects. For the fiscal year, BTL recorded operating revenues of \$156.9 million and profits of \$20.6 million. The meeting also highlighted the company’s primary focus - the redevelopment of key elements of BTL’s landline, mobile and billing infrastructures that will place Belize on par with leading global jurisdictions in terms of broadband quality and speed.

“In the face of increasing competition and convergence in an uncertain environment, BTL’s overall performance has remained robust. With our continuous stability and stronghold as the leading telecoms provider in Belize, our performance this year reflects the attribute for which BTL has become known: leadership in landline, mobile and broadband services. We remain well- positioned for long-term profitable growth and continue aiming to become one of the top performing regional leaders in telecoms by 2020,”

commented Chairman of the Board of Directors, **Nestor Vasquez**

Going forward, the company’s objectives are geared towards making substantial progress with the strategic plans in order to exceed customer expectations, enhance their experience while boosting profitability and positioning BTL as the leading telecoms provider in the market.

“Through our focus on continuous people development and technology improvements BTL has in place a winning strategy that will support the evolution of our country and improve the lives of all Belizean residents.”, stated BTL’s CEO Rochus Schreiber. “I am confident that our organization is fully prepared to successfully deal with challenges and to take advantage of new opportunities in the months and years ahead of us.”
