GET FREE CALLS with BTL's New HomePhone Plans

Summer just got even better with BTL's launching of its New HomePhone Plans that offer reduced rates and Free Talk Time – even to international Destinations!

BTL has totally reformulated its HomePhone Plans so that all Belizeans can enjoy the best possible talk rates EVER in the country, as well as ample free talk time to catch up with loved ones all over the country.

Starting at \$29 per month, these new plans introduce free weekends, free nights and even unlimited calls to all BTL and DigiCell numbers. The premier plans (the "Max" and the "Unlimited") also add in up to three hours of FREE talk time to our major long distance destinations, including the USA, Canada, Mexico, the UK and China.

"As all of Belize knows by now, we have spent the last two years in particularly lowering the rates and improving the packages for our Mobile customers. Now we are doing the same thing for our landline customers. The objective is simple: To ensure that no one matches the value propositions of the BTL and DigiCell brands. Our customers will continue to get MORE and do MORE," commented Anwar Barrow, Chairman of the Executive Committee of BTL.

The relaunch of the HomePhone plans represent another milestone in the turnaround of the company, coming off a record year for operating revenue performance and customer growth.

The company notes that the LTE project remains on track for a December launch. BTL notes as well that work is advanced in its pilot project to introduce a landline fiber optic product, details of which will be released this summer.

For more information on the new HomePhone product, visit the company's website at www.belizetelemedia.net/homephone or any BTL office country wide.
