

BTL HOSTS FIRST TECHNOLOGY & COMMUNICATION TRADESHOW

The Belize TechExpo was held on September 27 & 28, 2017 at the Best Western Belize Biltmore Plaza where local and international vendors exhibited their latest products, services and solutions. The event was open to the public, of which various schools, consumers and business associates attended.

This technology and telecommunication tradeshow is the first of its kind to be hosted in the country of Belize. In addition to the various exhibition booths, the tradeshow also included content rich presentations aimed to inspire and inform attendees on the latest technology trends. Among the lineup were Sebastian Cabrera, System Consultant of Dell EMC, Ismael Quiroz, Executive Director of EDC, John Robateau, Acting Assistant Director of CITO, Pedro Lozano, Payment System Manager of Atlantic Bank Ltd and Tanya McNab, Creative Designer of McNab Visual Strategies. The Technology Roundtable was also a hit for many who visited as it included experts in the technology and telecommunication field.

BTL's CEO Rochus Schreiber, said:

"Technology is changing our lives, we are interacting and learning in new ways. This platform will help us as a country, as businesses and as individuals to grow and go beyond. The event allowed attendees to share and explore technology opportunities. We only plan to go bigger and better next year"

The technological changes revolutionizing the way things are done at home was a central feature at the DigiHome exhibition booth. Attendees got a glimpse of how easy it is to bundle technology and BTL's internet service to make life easy. The show floor also included the following exhibitors Power & Tel, Central TV & Internet, Atlantic Bank, eData Ltd., Beltraide, LXJ Code, Converlogic, CITO, TMCCell, TrakSolution, Champion Security System, Fultec Systems, Energy Management Ltd. and BTB. Other sponsors included Courts, McNab Visual Strategies and Melandy Group.
