INTERNET!  
FOR RURAL BELIZE**

A close-up, low-angle shot of a person's hands holding a tablet computer. The person is wearing a dark t-shirt. The background is a soft, out-of-focus sunset or sunrise with warm golden light and bokeh effects. The overall mood is serene and focused.

# Digi AirNet

Digi AirNet is a new product that gives rural customers access to blazing Internet speeds and Fixed Voice services powered by the LTE network.

## **What can I expect with Digi AirNet?**

Digi AirNet offers speeds of up to 30 Mbps. Internet speeds vary based on the number of users connected on the cell site.

## **Is Digi AirNet unlimited?**

Each plan has a data threshold within which customers experience the plan's full speed. After the threshold is exceeded, the surfing speed is throttled (reduced) for the remainder of the month. The internet speed and data threshold are replenished at the start of each bill cycle.

## **Do I need to wait until the following month to replenish my data allowance?**

Data add-ons are available for customers who want their speeds reinstated before their next bill cycle.

You can request an add-on by calling us at 119, WhatsApp to 608-8888, or visiting a Digi office. Add-on comes with 15 GB of data for only \$22.50 (including tax) and are billed to your account.

Note: Purchases require proof of identity (valid Social Security Card or Passport

## What can I do on this throttled speed?

You can still use messenger applications and send & receive emails. However, you may experience buffering or timeouts when streaming videos and during voice calls.
