

# DIGI BILL UPDATE

---

---

Digi customers are advised that we have issued bills for June 15th via email. Some customers may notice a change in their account number as they receive their monthly bill. This new number will remain as the account number for which all Digi Services will be charged and should be used for payments made both in office and online.

Additionally, customers are reminded that they have been provided with over 10 extra days to make payments, with bills now due on July 24th, 2019.

Thank you for your business and being a Digi customer.

For more information please contact: 119 or 608-8888
